Address: 3402 Hillsborough St

City: Raleigh

State: NC

Comments: Instructions from our land team: We have an extremely particular client on this assignment. Additionally, we need to shoot these images as soon as possible as we are on a tight timeline. Please see below for instructions for ClearSky. Thank you! Key themes for images: Want to avoid the power station in images when possible. I understand it will appear in southward-facing aerials, but don't focus on it. Need clear proximity aerials of both NC State University and Meredith College. This is a student housing development deal, so proximity to campus is our number one priority. Please ensure images are shot in a flat orientation. The last batch we received had several crooked and unusable images. Don't want to waste shots on the neighborhood to the north. Our focus is university campuses. (attached are their examples of "flat" photos)

Weather: Clear Day Only - Wait if Unavailable

Deadline: 11/02/25

Airport: RDU

Site: 3402 Hillsborough

Radial/DME: 142/07

Altitude: 3500 MSL
